;; ; [Chinese shoes Network - Brand Dynamics] now running the sport more and more attention to sports brand, Nike sports brand as overlord, naturally can not relax our vigilance. In time for the April Fool's Day and festival space, Nike has updated its running shoes, Nike Free series and then a new product, this time breaking the 3 series, 3.0 series, 4.0 series, 5.0 series, each series has its own advantages for different groups of people.

The carefully built through the Nike Free that allows your feet more comfortable rhythm, the liberation of the shackles of traditional sneakers. Free dress shoes may take some time to adapt, get used to it. When you are more and more frequently wearing Nike Free, you may feel a slight foot muscle soreness, but this fact does not have much training and running relationship, which means that your Nike Free shoes are playing a role.

The upgrade of the Nike Free that near-earth sense, they are the Nike running shoes series, the most close to the ground, close to the barefoot running shoes, jogging experience to bring light support, lightweight solid Flyknit uppers, looks more like a socks, perhaps this is its innovative sewing technology located, but also through the author Free series of running shoes before, I feel very light, more suitable for barefoot wear, suitable for everyday short-distance running and walking use, believe that this upgrade will certainly make shoes more lightweight, more comfortable walking.
